

The image shows an energy label for a Gorenje WHI649EB refrigerator. At the top left is the European Union flag. To its right is the word "ENERG" in large letters, with "енергия · ενεργεια" below it. Further right are four small circles containing the letters Y, IJA, IE, and IA. Below this header, the brand name "gorenje" is written in a bold, lowercase font, followed by the model number "WHI649EB". The main part of the label features a vertical scale of energy efficiency classes from A+++ (dark green) at the top to D (red) at the bottom. A black arrow points to the 'B' class. To the right of this scale, a white box with a blue border contains the number "59.2" and the unit "kWh/annum". Below the energy scale are four icons in rounded rectangles: a fan (energy efficiency), a lightbulb (energy efficiency), water droplets (water efficiency), and a speaker (noise level). Each icon has a scale below it labeled "ABCDEF" or "ABCDEF". The noise level is specifically labeled as "63 db". At the bottom left of the label is the text "65/2014". On the right side, there is a vertical number "735473".
